

History

The Anglo- Saxons

The last Roman soldiers left Britain by **AD410**. New people came to Britain in ships across the **North Sea** – the Anglo-Saxons. The Anglo-Saxon age in Britain was from around **AD410 to 1066**.

- The Anglo-Saxons were a mix of tribes from **Germany, Denmark and the Netherlands**.
- The three biggest were the **Angles**, the **Saxons** and the **Jutes**.
- The land they settled in became known as 'Angle-land', or **England**.
- They brought Germanic languages and new customs and dress.

The digestive system

RE

Buddhists follow the eightfold path to lead a good life.

Learning Destination

To build a torch.

How does a torch work?

A torch works by using a simple electrical circuit that includes a battery, wires, a switch and a bulb. The circuit is placed inside a tube or container with a reflector so the light shines in one direction like a torch.
